

TYP150

TYPHOON, 150 PSI AIR COMPRESSOR

“Unique twin head compressor provides exceptional performance, powerful enough to inflate yours and your mates big 4WD tyres fast.”

FEATURES

Powerful 600W Motor

Uses a permanent magnet motor with sealed bearings and stainless steel valves with thermal cut out protection.

Twin Head Pump

Provide 150 Litres per minute of high pressure air, suitable for inflating many large tyres quickly.

Aluminium Housing

Extruded aluminium compressor housing with steel cylinder lining provides maximum cooling and long life. This ensures the compressor can work harder and longer even in desert temperatures.

Sand Tray

Provides convection cooling of the motor and stability while operating in sandy conditions.

Storage Case

Heavy duty plastic case neatly stores the compressor and accessories while providing protection against damage.

Easy Connection

100A insulated battery clips with 1.8 metre heavy duty lead for direct battery connection and On/Off switch. Inline fuse protection.

6 Metre Coiled Hose

Allows you to reach all your tyres without disconnecting the compressor.

Easy to Clean

Removable foam air filter for extended compressor life.

Remote Pressure Gauge

Fitted to hose for setting the tyre pressure includes rubber protection sleeve, kPa and PSI readings

Sports Adaptors

For inflation of sports balls and camping mattresses.

SPECIFICATIONS

PART NO.	TYP150
INPUT	12V DC
MAX PRESSURE	150psi
MAX FLOW RATE	150 litres per minute
